

PRODUCT NUMBER: 2012950
TUFFSHIELD® Evolution TM
Medium

Protection against extreme cut risks : slaughtering, food , fish, paper industry.

Honeywell

Overview

Reference Number

2012950

Product Type

Gloves

Range

Cut and Puncture Protection

Line

Cut resistant

Brand

Honeywell

Brand formerly known as

SPERIAN

Industry

- Catering
- Food Industries

Product Use

Protection against extreme cut risks : slaughtering, food , fish, paper industry.

Features & Benefits

Feature

Knitted glove in Dyneema® composite thread, protected glass and steel
 Bacteriostatic thread
 PowerCuff™ with colour edging according to size as per the Chainex colour code
 Ambidextrous

Benefit

COMFORT
 The knitting technique helps to obtain a glove that conforms snugly to the hand and good dexterity.
 The glove offers maximum comfort and added sturdiness.
 The glass and steel fibres have been protected so that they do not come directly in contact with the skin.
 The PowerCuff™ system ensures elasticity and protects the wrist.

The edge colour code (sizes) is identical to that of chainex.
 The glove is ambidextrous and thus more cost-effective.

RESISTANCE

Tuffshield Evolution has been designed from a patented composite thread made from glass, steel fibres and Dyneema® fibres.
 This solution helps to obtain excellent protection levels against cuts (level 5).
 The Dyneema® fibre resists cuts, abrasion and detergents.

HYGIENE

Certified for contact with food, bacteriostatic, white in colour, to enhance the glove's hygiene and cleanliness properties.
 Honeywell Safety Products recommends the gloves be washed a number of times to give a longer life.

Technical Description

Description

CE CATEGORY : II Intermediary risks
 In accordance with standards :
 EN 420-2003 EEC Basic standards
 EN 388-2003 Mechanical Hazards
 Food contact according EU standards n°1935/2004

CHARACTERISTICS :

Knitted glove in Dyneema® and protected glass and steel
 Bacteriostatic yarn
 PowerCuff™ knitted wrist, color according to the size, same as Chainex color code
 Ambidextrous

Product Technology

Knitted

Fiber

Dyneema®, steel & glass fiber, polyamide

Gauge

10

Glove/liner color

Blue

Length

30 cm

Harmlessness

In conformity with the European standards

Dexterity

Class 5

Sizes

6 to 11

EN 388 - Mechanical Hazards Abrasion Resistance

Abrasion resistance	2
Cutting resistance (Coupe test)	5
Tear resistance	4
Puncture resistance	X
