

Harpon 321

DESCRIPTION AND GENERAL PROPERTIES

- **Material** Natural latex
- **Length (cm)** 32
- **Thickness (mm)** 1.35
- **Wrist** Scalloped cuff
- **Colour/Color** Orange
- **Interior finish** Textile support
- **Exterior finish** Reinforced grip
- **Size / EAN** 6 7 8 9 10
- **Packaging** 1 pair/bag - 50 pairs/carton
- **Complementary information** Guaranteed without silicone - Lightly powdered surface

PERFORMANCE RESULTS

Certification category 3

Dexterity EN 420 : 5/5

MAPA[®]
PROFESSIONAL

SPECIFIC ADVANTAGES

- Suitable for long-term wear, due to the comfort of a textile support and good thermal insulation
- Optimised service life: high resistance to abrasion

MAIN FIELDS OF USE

Fishing

- Fish-handling
- Oyster farming
- Work with frozen products

INSTRUCTIONS FOR USE

Instructions for use

- It is recommended to check that the gloves are suitable for the intended use, because the conditions of use at the workplace may differ from the "CE"-type tests.
- It is not recommended for persons sensitized to natural latex, dithiocarbamates and thiazoles to use these gloves.
- Put the gloves on dry, clean hands.
- Do not use the gloves in contact with a chemical for a duration in excess of the measured breakthrough time. Refer to the website www.mapa-pro.com or contact the Technical Customer Service - MAPA PROFESSIONAL (stc.mapaspontex@mapaspontex.fr) in order to know this breakthrough time. Use 2 pairs alternatively when in long duration contact with a solvent.
- Turn the cuff end down in order to prevent a hazardous chemical from dripping onto the arm.

Storage conditions

- Store the gloves in their original packaging protected from direct sunlight, far from heat sources or electric equipment.

Laundering conditions

- Before taking off the gloves, clean them as appropriate :
- in use with a solvent (alcohol, etc...) : rub over with a dry cloth
- in use with detergents, acids or alkalies : thoroughly rinse the gloves under running water, and rub over with a dry cloth
- Caution : improper use of the gloves or submitting them to a cleaning or laundering process that is not specifically recommended can alter their performance levels.

Drying conditions

- Ensure the inside of the gloves is dry before putting them on again.

LEGISLATION

This product is not classified hazardous according to the regulation (EC) n°1272/2008 of the European Parliament and of the Council. This product does not contain more than 0.1 % of substance of very high concern (SVHC) or any substance included in the annex XVII of the regulation n° 1907/2006 of the European Parliament and of the Council (REACH).
